

# Suspension-System profiPLUS 50

Type: Panel-coupling N, standing

Material-No.: 142.31\*.\*\*\*  
**142.310.250 (l= 250mm)**  
 142.310.500 (l= 500mm)  
 142.310.750 (l= 750mm)  
 142.311.000 (l=1000mm)

|                            |                            |  |                 |                                                 |
|----------------------------|----------------------------|--|-----------------|-------------------------------------------------|
| Suspension system material | GD-Al Si 12 (DIN 1706)     |  | Bending range   | 310°                                            |
| Profile material           | Extruded aluminium         |  | Weight          | 1.820 g + profile 3.600 g/m                     |
| Gasket                     | 3x Chloroprene (CR), black |  | Surface         | Powder coating RAL 7035, light grey             |
| Mounting screws            | 4x M6, galvanized steel    |  | Surface profile | Silver anodized                                 |
| Ingress protection         | IP54 EN 60529              |  | Tolerance       | GTA 13/5 DIN 1688-4 (outside dimensions ±0,8mm) |
